

Ahmad Yasin

Mern Stack Developer

☎ +92 328 7934899 ✉ ahmadmdev33@gmail.com 🔗 <https://bit.ly/3LEb0ng>

OBJECTIVE

To obtain a MERN Stack Developer position where I can utilize my 1 year of experience in building responsive and scalable web applications using MongoDB, Express.js, React, and Node.js, while contributing to a team focused on innovation and high-quality development. API integration, and UI/UX implementation to support impactful projects and collaborate with cross-functional teams.

WORK EXPERIENCE

MERN Stack Developer — Lahza Institute 2023 - 2024
MERN Stack Developer

Gained 1 year of hands-on MERN development experience while working on real-time projects. Built responsive UIs with React and developed REST APIs using Node.js, Express.js, and MongoDB. Collaborated using Git/GitHub and assisted in deploying full-stack applications. Improved

Lahza Institute 2023 - Now
Projects Worked On:

Worked on multiple MERN-based projects, including CRUD applications, user authentication systems, dashboards, and small-scale client assignments. Gained practical experience in full-stack development, API integration, and deploying live applications.

SKILLS

React.js	Experienced in building responsive and dynamic user interfaces using components, hooks, and state management.
Node.js	Skilled in creating fast and scalable backend services with event-driven architecture.
Express.js	Capable of building secure REST APIs, handling routing, middleware, and server-side logic
MongoDB	Proficient in designing schemas, managing NoSQL databases, and performing CRUD operations.
JavaScript	Strong understanding of modern JavaScript features, clean coding practices, and problem-solving.
HTML & CSS / Tailwind CSS	Able to create clean, responsive layouts with modern styling frameworks.
Git & GitHub	Experienced in version control, branching, merging, and collaborating on real projects.
API Integration	Skilled in connecting frontend and backend using REST APIs and handling JSON data.
Authentication (JWT/Bcrypt)	Knowledge of implementing secure user login, token handling, and password hashing.

EDUCATION

National University of Modern Languages (NUML) SEP 2024 - SEP 2028
BS(SE)
Bachelors in Software Engineering

INTERESTS

I am interested in web application development, UI/UX design, and exploring new technologies in the MERN stack ecosystem. I enjoy problem-solving, working on open-source projects, and improving my coding skills through continuous learning. I also value teamwork, collaboration, and contributing to creative, user-focused digital solutions.
